INSURANCE

GASTRENEROLOGY		HEART SURGERY	
	€		€
1. Oesophago-gastro-duodenoscopy	260	Left Heart Cath	1,470
2. a-gastro-duodenoscopy with CLO test	290	Full Heart Cath	1,850
3. Colonoscopy	325	P.T.C.A Stent	6,835
4. Sigmoidoscopy (flexible)	100	P.T.C.A without Stent	4,445
5. Proctoscopy	70	Additional Vessel P.T.C.A	1,370
6. E.R.C.P diagnostic	770	Additional Vessel Stent	2,260
7. E.R.C.P therapeutic	940	Additional Stent	1,410
8. Endoscopy Treatment of bleeding ulcers/ polypectomy/ removal of foreign bodies in the Upper G.I	470	P.T.C.A with Drug Eluted Stent	7,690
9. Dilatation of oesophageal strictures	6854	Additional Vessel Drug Eluted Stent	4,275
10. Liver biopsy	430	Additional Drug Eluted Stent	3,420
		Carodit Angio	890
		Carotid PTCA	9,060
		Peripheral Angio	850
		Thalium Test	470
		Transesophageal Echo (TEE)	430
		C.A.B.G Operation (Coronary artery by-pass graft)	17,090
		Value of Valve	3,080
		All expenses are included in all procedures for heart surgery (Doctors fees, all hospital expenses, theatre fees etc).	
DERMATOLOGY			
	€		
1. Actinic Keratosis, warts (L.A including consultation) (any number)	55		
2. Excision veruccae – cauterization (L.A including consultation)	55		
3. Xanthelasmata (depending on the number)	55-120		
4. Condylomata cuminatum (any number)	90		

OPHTHALMOLOGY		NEUROSURGERY	
	€		€
1. Pterygium/Chalazion/Ectropion/entropion/trichiasis	225	CRANIUM	
2. Ptosis (general anaesthesia)	815	1. Brain Tumors	
3. Repair of corneal of sclera injury	720	a) Brain Lobectomy	3,100
4. Intulation of the Larimal duct (general anaesthesia)	210	b) Brain biopsy	1,200
5. Glaucoma	650	c) Tumors of the base of the skull	3,420
6. Cataract with lens	755	d) Intra-ventricular tumors	3,420
7. Cataract and glaucoma	855	e) Anterior cravial tosse	3,420
8. Cataract and glaucoma with lens	1,030	2. Aneurysms and Arteriovenous Malformations	3,420
9. Lens insertion (second stage)	515	3. Haematomas – Injuries	
10. Cataract with phacoemulsification	1,235	a) Dural haematomas	1,965
11. Cataract with phacoemulsification-glaucoma	1,490	b) Subdural haematomas	1,965
12. Vitrectomy anterior	445	c) Intracranial	1,965
13. Vitrectomy posterior	1,440	d) Anterior cranial fosse	3,760
14. Laser trabeculoplasty/irectomy/yag lazer capsulotomy	360	e) Fracture of the skull-elevation	1,710
15. Laser retinal photocoagulation	360	4. Abscesses	
16. Corneal transplantation	1,030	a) Drainage via burr-hole	2,055
17. Retinal Detachment	1,235	b) Excision by craniotomy	3,080
		5. Insertion of drainage	2,055
		6. Cranioplasty	2,055
		SPINE	
		1.Cervical Spine	
		a) Discectomy posterior/Anterior	2,055
		b) Discectomy and Spondylodesy (CLOWARD)(1 Level)	2,565
		c) Removal of Intramedullary Tumors	3,080
		d) Laminectomy for spinal stenosis	2,055

	€	ORTHOPAEDICS	
2. Thoracic Spine			€
a) Spondylodesy	2,565	Traumatology	
b) Removal of tumors	3,080	1. Plastering	70
3. Lumbar Spine		2. Fracture Neck of Femur. Internal Fixation	1,540
a) Laminectomy	2,555	3. Intertrochanteric fracture. Internal Fixation	1,540
b) Discectomy	1,370	4. Fracture Neck of the femur. Prosthesis	1,540
c) Spondylodesy (1 level)	2,565	5. Fracture Shaft of femur. Intramedullary Nail	1,540
Extra level	515	6. Fracture Shaft of femur. Osteosynthesis and plate	1,540
4. Peripheral Nerves		7. Fracture Shaft of femur. External osteosynthesis	1,540
a) Exploration of Branchial Plexus	2,055	8. Fracture Patella. Surgical treatment Partial/Total/Osteosynthesis	1,115
b) Scalenotomy with Removal of Cervical Rib	1,710	9. Fractures of the femoral condyles - surgical treatment	1,540
c) Transposition of Ulnar nerve	1,115	10. Fractures of the Tibia Plateau – surgical treatment and bonegrafting	1,540
d) Carpal tunnel syndrome	260	11. Collateral ligament of the knee	1,540
		12. Anterior cruciate ligament (A.C.L)	1,880
		13. Bilateral malleolar fractures with displacement	1,370
		14. Fracture of the diaphysis of the Tibia-Fibula with displacement	1,115
		15. Fracture of the Medial/Lateral Malleolus surgical treatment	940
		16. Fracture of Os-Calcis (calcaneus)	1,030
		17. Fracture of Talus (ankle)	1,080
		18. Fracture of Tarsal bones	855
		19. Fracture of metatarsal bones	600
		20. Fracture of phalanges	515
		21. Fractures of the clavicle surgical treatment	1,080
		22. Fractures of the humerus	1,250

	€		€
23. Radial head fractures	1,030	9. Recurrent dislocation of the shoulder-surgical correction	1,625
24. Fracture of the lateral condyle humerus (Tapitellum)	1,080	10. Dupuytren surgical correction	1,115
25. Fracture of the olecranon	995	11. Arthrodesis a) knee joint, b) hip joint, c) ankle joint, d) shoulder joint e) wrist joint, f) tarsal	1,165
26. Fracture of the shaft of radius and ulna	1,165	12. Bone tumour –Cleaning and bone graft from pelvis	1,625
27. Fractures of the scaphoid surgical treatment (K-wire)	1,200		
28. Aspiration of joint	70		
COLD ORTHOPAEDIC CASES			
1. Osteoarthritis of hip/knee			
a) Total replacement	2,225		
b) Osteotomy	1,370		
c) Arthrotomy-Lavage	855		
2. Pseudoarthrosis			
a) Of Femur/Tibia (plating or nailing and bone grafting)	2,055		
b) Of the humerus(plating or nailing and bone grafting)	1,710		
c) Of the Scafoid bone (bone grafting)	1,285		
3. Carpal tunnel syndrome			
a) under local anaesthetic	260		
b) under general anaesthetic	345		
4. Arthrotomy of the knee for meniscectomy/osteocondritis	995		
5. Removal of materials of osteosynthesis (plates, nails etc)	770		
6. Amputations			
a) Above/below the knee	1,030		
b) Through the tarsus or metatarsals	855		
c) Of digits	345		
7. Diagnostic arthroscopy of the knee	685		
8. Arthroscopic surgery of the knee	1,490		

GENERAL SURGERY			
Operations of skin and appendages	€		€
1. Removal of sebaceous cyst, lipoma, skin tumour, nail, repair or laceration by suturing, drainage of abscess	105	7. Empyema of Gall Bladder-cholecystectomy	1,370
2. Removal of ganglion	105	8. Laparoscopic Cholecystectomy	2,225
3. Excision of pilonidal sinus	565	9. Laparoscopic cholecystectomy with cholangiogram	2,750
4. Excision of pilonidal sinus and suturing	770	Operations of the Pancreas	
5. Lymph Biopsy	260	1. Partial Pancreatectomy	1,880
Breast Surgery		Spleen	
1. Radical mastectomy/Modified radical mastectomy	1,200	1. Splenectomy/Repair of ruptured spleen	1,370
2. Simple mastectomy	685	Operations of the Small Bowel	
3. Partial mastectomy including excision of the lymph glands of the axilla	1,200	1. Enterectomy/Ileostomy	1,285
4. Excision of breast tumour	515	2. Removal of Meckels Diverticulum	1,200
5. Breast biopsy	515	3. Symphysiolysis (division of Adhesions)	855
6. Breast Abscess	210	4. Removal of Mesenteric Cyst	1,115
7. Aspiration/F.N.A biopsy	70	5. Laparoscopic enterectomy	1,880
Operations of the Stomach and Duodenum		6. Laparoscopic division of adhesions	1,285
1. Simple suturing of bleeding ulcer	1,030	Operations of the large bowel (Colon)	
2. Gastrotomy	770	1. Total Resection (Proctocolectomy) with Ileostomy	3,250
3. Hiatus hernia repair - thoracic approach	2,055	2. Total Resection (Proctocolectomy) J-pouch	3,250
4. Hiatus hernia repair - abdominal approach	1,880	3. Hemicolectomy	1,625
5. Laparoscopic repair of Hiatus Hernia	3,080	4. Laparoscopic hemicolectomy	2,395
Operations of the Liver and Gallbladder		5. Colostomy	1,115
1. Open liver biopsy	790	6. Colostomy closure	995
2. Segmental of ruptured liver	1,710	7. Appendicectomy (simple)	685
3. Removal of Hydatid cyst	1,540	8. Appendicectomy (complicated)	1,115
4. Cholecystectomy	1,285	9. Appendicectomy, Peritonitis	1,335
5. Cholecystectomy and Choledochotomy	1,455	10. Removal of bowel polyp	1,115
6. Cholepeptic Anastomosis and Roux-Y	1,455	11. Laparoscopic appendicectomy	1,540

	€		€
Operations of the anus and perianal area		Thoracic surgery	
1. Haemorrhoidectomy	770	1. Bronchoscopy/Oesophagoscopy and removal of foreign body	550
2. LONGO PPH - Prolapse & Hemorrhoids	685	2. Oesophagoscopy simple	430
3. Excision of anal fistula	735	3. Thoracoplasty/Lobectomy of Lung	2,225
4. Incision drainage of perianal abscess	430	4. Removal of Hydatid cyst from lung	1,880
5. Fissure in ano	480	5. Achalasia	1,880
Operations of the abdominal wall		6. Oesophagectomy for cancer	2,565
1. Umbilical hernia	825		
2. Bilateral inguinal hernia	1,200		
3. Femoral hernia	825		
4. Inguinal hernia	825		
5. Laparoscopic Inguinal hernia	1,710		
6. Varicocoele	685		
Operations of the thyroid and parathyroid			
1. Thyroid lobectomy	1,285		
2. Thyroid lobectomy (bilateral)	1,455		
3. Total thyroidectomy (unilateral)	1,710		
4. Total thyroidectomy (bilateral)	1,880		
5. Total thyroidectomy with Lymph node dissection	1,965		
Operations of the lower limbs			
1. Simple ligation of saphenofemoral junction	685		
2. Stripping of long saphenous	855		
3. Stripping of short saphenous	770		
4. Ligation of varicose veins (cockle)	1,030		
5. Ligation of saphenofemoral junction with ligation of multiple varicose veins unilateral	1,285		
Angioplasty			
1. Excision and repair of abdominal aortic aneurism	4,275		
2. Profundoplasty	2,055		

PAEDIATRIC SURGERY		GYNAECOLOGY/OBSTETRICS	
	€		€
1. Inguinal/umbilical/epigastric/ femoral	650	1. Cautery/cryosurgery of the cervix/ condylomata-cautery	265
2. Hydrocoele	600	2. Dilatation and Curettage/punch biopsy	380
3. Varicocele	685	3. Cone biopsy	600
4. Laparoscopic varicocele	1,710	4. Hysteroscopy-therapeutic	685
5. Torsion of testicle	825	5. Colposcopy	345
6. Phimosis/circumcision	345	6. Vaginal aspiration of ovarian cyst/removal of Bartholins gland	380
7. Frenulum release	225	7. Laparotomy-Removal of ovarian cyst/ fibroids/myomectomy/	1,285
8. Neuroblastoma(Wilms)	2,400	8. Laparoscopic hysterectomy	1,880
9. Excision of mesenteric cysts-tumours	1,625	9. Hysterectomy laparotomy	1,285
		10. Vaginal hysterectomy	1,540
		11. Anterior /Posterior repair	740
		12. Anterior and Posterior repair	1,200
		13. Manchester operation	1,250
		14. Laparoscopic excision of cyst/fibroids/ myomas/ectopic	1,370
		15. Burch operation-laparotomy	1,230
		16. T.V.T Operation/Ventrosuspension	1,270
		17. Radical Vulvectomy	2,400

SINUS ANTRUM OPERATION/		
E.N.T	€	€
1. Fracture of nasal bones/nasal scoliosis	480	
2. Nasal Cochotomy	175	
3. Nasal polyps	600	
4. Ethmoidectomy	515	
5. Sinus Radical trephination		
a. Unilateral	550	
b. Bilateral	770	
6. Endoscopic operation of sinuses	940	
7. Peritonsillar abcess	140	
8. Laryngoscopy/Biopsy (Removal of Polyp)	550	
9. Tonsilectomy	550	
10. Tonsilectomy/Adenoidectomy	635	
11. Tonsilectomy/adenoidectomy/ myringotomy/grommets	735	
12. Adenoidectomy/myringotomy/grommets	550	
13. Larynx Polyp	515	
UROLOGY		
	€	
1. Nephrectomy	1,625	
2. Nephrolythotomy	1,625	
3. ESWL (lithotripsy)	1,710	
4. Removal of renal cyst	1,285	
Operations on Ureters		
1. Endoscopic removal of ureteric calculus (zeiss)	685	
2. Endoscopic lythotripsy of ureteric calculus	1,200	
3. Ureterolythotomy	1,145	
4. Trans urethral incision of ureteric sphincter or ureterocele		635
5. Re-implantation of ureter (cohen, politano, lead) - unilateral		1,540
6. Re-implantation of ureter - bilateral		1,710
7. Re-implantation of ureter with bladder with Psoas-Hitch into bladder		1,710
8. Uretero-ureterostomy		1,710
9. Ureterostomy in SITU		1,030
Operations of the Bladder		
1. Partial cystectomy		1,780
2. Partial cystectomy and re-implantation of ureter		1,965
3. Excision of bladder diverticulum		1,235
4. Bladder repair of rupture		1,235
5. Marshall-Marchetti operation urethropexy/ Stamey operation/TVT		1,080
6. Bladder biopsy		345
7. Bladder catheterization		70
8. Transurethral drainage of blood from bladder		550
Prostate Operations		
1. Prostatectomy by Millin or Trans-bladder (TUR-P)		1,440
2. Incision of Bladder neck - TUIP		825
3. Prostate biopsy		345
Urethra Operations		
1. Dilatation of Urethra		210
2. Urethra – Diathermy of thelomas		430
3. Escision of Diverticulum urethra		855

	€	ACCOMODATION		
4. Urethrectomy	1,165		Maximum	Maximum
5. Removal of Urethral calculus	550		amount daily	amount
Operation on penis and scrotum				daily
1. Circumcision/plastic operation for phimosis	345			Doctor's fee
2. Dorsal incision/ Incision of frenum of the prepuce	225			for non
3. Incision and drainage of abscess or haematomas	345			surgical
Operations on the testes and appendages				cases
1. Testicular biopsy	515		€	€
2. Ligation of spermatic cord - unilateral	345	General ward	140	80
3. Ligation of spermatic cord – bilateral	480	Intensive care unit	260	155
4. Ligation of spermatic vein (varicocelle)	685			
5. Orchiopexy (testicular fixation) - unilateral	735			
6. Orchiopexy (testicular fixation) – bilateral	940			
7. Hydrocele/Epididymal cyst/ Epididymectomy/Orchiectomy	770			
8. Orchiectomy bilateral	995			
9. Testicular torsion surgical correction	825			
10. Retro-peritoneal lymph node dissection	2,400			
11. Rupture of Testis	685			

On the above schedule of fees the maximum amount for each surgical procedure is determined and includes surgeon's fees, assistant's and anesthetist's fees, and the accommodation limits and doctors fees. Rest of charges will be settled based on the Reasonable and Customary expenses i.e. Theatre expenses and consumables. These fees are paid on condition that the surgical operation has taken place and the amounts due were paid.

For surgical operations not listed the amount for a surgical procedure of similar seriousness will be paid.

1. If the hospitalization exceeds 9 days, attendance fee will not exceed €55.
2. The fee, for professional attendance daily fee in intensive care unit, will not exceed €155. These fees are valid for any day.
3. For extremely serious operations the first 9 days are included in the surgeon's fee. More than nine days an attendance fee of €55 will be paid.
4. The treating doctor is determined by the symptoms and the diagnosis of the insured.
5. Attendance and accommodation fee will be determined by the number of nights an insured is hospitalized. For day patient 50% of the accommodation fee will be paid.
6. When a diagnostic/ investigative operation results in surgery then the most expensive one will be paid.
7. In case of operation the surgeon will be in charge for the post operative care in the hospital.
8. In case of more than one operation with the same incision and anesthesia the most expensive one will be paid. In case of different incision 30% of the second operation will be paid if enough medical evidence is submitted (i.e laparoscopy CD).
9. Disposable items, plates, screws etc must be charged according to the suppliers receipt which should be submitted
10. Medication and disposables are charged based on reasonable and customary. Detailed analysis with quantities and pricing should be provided.
